

ISSE INDUSTRY ADVISORY BOARD

The Board

The ISSE Industry Advisory Board provides guidance and direction to the operations, employment services and training programs delivered through the ISSE. The ISSE will be looking to the Board to:

- Keep the ISSE abreast of industry and market trends affecting the workforce.
- Inform our menu of training and employment service offerings.
- Identify and provide direction to the implementation of career pathways and lattices for the service industry workforce.
- Promote Service Sector careers and the ISSE through the Speaker's Bureau and other marketing related activities.
- Participate in funding opportunities and special projects.

Monthly Meetings

The ISSE Advisory Board will meet monthly at the ISSE beginning in January 2007. Specific dates and times will be determined by inaugural board members.

Members

Industry members should have an active interest in serving on the board and be willing to attend and participate in the monthly board meetings. It is desired that the board member have an understanding of the workforce needs of the service industry sector they represent.

Agency members will include a representative from the Riverside County Workforce Development Center representing public agency employment services available to the ISSE membership. The ISSE Director will represent the education and training services available to the ISSE membership. The ISSE Site Manager will act as staff to the Board.

Other participants may be asked to join the Board for special meetings as determined by the Board.

For more information on becoming an ISSE Advisory Board member, contact the ISSE Director at 760-773-2530.
